Gloves: Gloves not required
Eye Protection: Eye Protection not normally required when used as directed.
Respiratory Protection: Not normally required when used as directed.
Other Protective Equipment: Not applicable for aerosol containers.
Engineering Controls: Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location.
Leak and Spill Procedure: Dilute with water and mop up, or absorb with an inert dry material and place in an appropriate waste disposal container.
 Not applicable for aerosol containers.
Waste Disposal: Recycle to process, if possible. Consult your local or regional authorities. Do not dispose in sewers. When container is empty, press button to release all pressure, then dispose of in garbage can.
